

The logo features the word "KASCO" in a large, bold, dark blue serif font. To the right of "KASCO" is a green circular icon with a white center and eight green segments radiating from the center, resembling a compass rose or a stylized ship's wheel.

# KASCO

G R O U P

STEER YOUR BUSINESS  
TOWARD EXCELLENCE

The background is a photograph of a port at sunset. The sun is low on the horizon, casting a warm orange glow across the sky and reflecting on the water. Several large container ships are docked at the pier, with their cranes visible. The water is calm, and the overall atmosphere is serene and industrial.

## CORPORATE PROFILE

# ABOUT KASCO

Since its establishment in 1986, KASCO group has operated as a trading enterprise with a diversified international business portfolio and investments. Today, it spans the region with wide range of interests that varies from; oil and gas trading, shipping and marine services, transportation and logistics, to real estate and hospitality, all with the privilege of working with some of the most renowned companies in the world, lead KASCO group to become a prominent player in the international trading industry.

Today, KASCO group became one entity merging all its subsidiaries and other companies that covers many different industries, to one that has grown beyond its aspirations. Through its mission, KASCO group has expanded its scope and has become one of the vital companies that provides specialized solutions to many sectors in the region through operating and managing its own tankers of oil tankers and managing transportation & logistics to these commodities through their own shipping and marine services, providing specialized solutions for different sectors in the region. Today KASCO group owns its fleet of oil tankers, gas carriers, supply and tugboats as well as buffer barges and world-class logistics solutions.

The entire operation is professionally run by highly qualified and motivated expertise through a network of offices in the UAE, Iraq and abroad. Commitment and honesty in providing exceptional services to the customers have placed KASCO group in good stead and given them an advantage over competition in their pursuit of excellence.

Today, KASCO group is steered by an international leadership team with diversified backgrounds and deep experience in related businesses and records of achievements at every level. Our team works hard to make sure that we achieve our long term strategic goals, and become the most valued and trustworthy partner in the Middle East/Region in all the industries we serve.

## OUR COMPANIES

## OIL & GAS TRADING

KASCO Energy are committed to providing the highest standard of professionalism in their services that are now widely known for their competitiveness and reliability. Their primary goal is to be recognized as one of the leading operations in the region offering extensive experience in Oil & Gas services activities, thus bringing long associations with the major oil and commodities trading companies in Iraq and the region.

We at KASCO Energy provide extensive consultancy solutions in the oil & gas fields, KASCO Energy has been able to develop strong relations with local and regional markets in trading and transporting millions tons of oil refined products. We strive most of all, apart from gaining clients, to building long lasting relationships with many partners, and to deliver outstanding services that are tailored uniquely to each and every client.

Our excellent, customer relationship network, product range and sales and marketing team are our strong pillars for business growth in KASCO Energy, in addition we are official agents of major oil commodities and our plans is to enhance our investments in this important business area to bring further improvements in services to our valuable clients. Our success is mostly driven by our people and their commitment to get the best results by operating responsibly, implementing with excellence, applying innovative technologies and capturing new opportunities for profitable growth.

## SHIP MANAGEMENT

Ship Management is a vital part of the maritime services, we are assertive in providing full range of expert management services for a wide range of vessels. Our management philosophy is to focus on asset protection. Our staff views ship management from an Owner's perspective, giving priority to safety, preventive maintenance and flawless operation. Whereby we work our best of our capabilities to ensure our fleet runs effectively.

We provide our Ship Management customers with best-in-class technical management by meeting or exceeding customer and industry requirements. We have a long history of technical management, and our experienced staff make sure we achieve the maximum benefit from all our commercial operations and ship management. We also manage and coordinate our work flow of our fleet of oil tankers, gas carriers, supply and tugboats as well as buffer barges and world-class logistics solutions.

## SHIPPING & MARINE SERVICES

KASCO group subsidiary, Khor Al Zubair Shipping Co. L.L.C. today, is experienced in providing shipping solutions for the Oil, Gas, and Energy industries.

One of the most important foundations of our work is that the KASCO group has an integrated fleet of vessels equipped to the highest standards that helps and supports us through our shipping services to comply with international standards in order to cover all our logistics operations from point of origin to delivery point.

## CONSULTANCY - OIL & GAS SECTOR

We at KASCO International trade and distribute high quality of products and services to customers across different regions and countries.

Therefore, to conquer it all, we provide professional advice to organizations to guide them with the methods they need to achieve their objectives and complete their projects to a high tier level. Our consultancy services entails scrutinizing the oil market and its latest developments and examining the available opportunities within it, and much more all in their seamless details.

We complement organizations with strategic deliverables by providing the means to implement the recommendations providing them with the necessary operations and technical visions that leads to prosperous growth in business.

The success of KASCO International in its consultancy services is crowned by its distinguished team that monitors the market and assess lucrative opportunities as well as scrutinizing innovative technologies to maintain profitable growth and proper financial performance.

## TRANSPORTATION & LOGISTICS

Whether you are transporting crude oil, petroleum products or storage areas, KASCO can provide the transport solution needed to effectively and economically manage the job. We have the capabilities and experience to provide petroleum cargo and equipment delivery across the region.

We streamline your petroleum logistics through our supply chain network as we at KASCO manage and operate our own fleet of road tankers. Our operations cover logistics from point of origin and delivery that can provide the transport solution needed to effectively and economically manage the job, with services that comply with the Iraqi regulations and standards to ensure a safe passage.

Today we pride ourselves at KASCO International with proven ability to meet tight shipping deadlines in the petroleum sector and a very safe mode of transport with simple, smooth and low-cost logistics included.

## REAL ESTATE DEVELOPMENT

The development of real estate is one of the most important fundamentals that we are working towards in order to come out with successful real estate units that suit the needs of the market. This is the base of our work, which includes the development of many residential, commercial and touristic areas. We add value and quality through enhancing developments and service units that are suitable to the needs of the community and target groups which includes all stages of real estate developments and implementation.

Today at KASCO we continue to seek opportunities that meet our investment and brokerage benchmarks. With full property management and Hotel development investments in the UAE, Iraq and abroad, offering end-to-end services along the real estate value chain, from facility management to ownership and joint-ventures for both residence and commercial properties in Canada, Iraq and the UAE. We always aim to actively target properties and hospitality investments where we can improve both the asset and the overall community.

## HOSPITALITY

We are taking all that is new in hospitality as we have existing projects of hotels in the United Arab Emirates and we are always striving to implement unique and modern designs of its kind

Along the lines of hospitality we value the official partnership with a French Food and Beverage chain in the Gulf area, as we believe that great chains can grow rapidly if well managed.

The image features a dark, high-angle view of a city skyline at night, with numerous skyscrapers and buildings illuminated by their lights. In the foreground, a curved highway or bridge structure is visible, with a few vehicles traveling along it. The overall atmosphere is urban and modern.
